Erasmus+ Strategic Partnerships for adult education and training

Project Duration: 12/2020 – 05/2022 (18 months)

Grant Agreement Number: 2020-1-LT01-KA204-077823

The Multidisciplinary European Research Institute Graz, founded in 2003, aims to link researchers and institutions from diverse areas in order to pursue and support common research, development, intermediation and education activities.

The core fields of expertise deal with social, cultural, political, ecological and economic issues in addition to more general topics connected to internal and external relations within the European Union. A main field of interest are education and training systems in Europe, in particular vocational education and training.

The Multidisciplinary European Research Institute Graz has extensive experience in evaluating project proposals and reports in a multitude of different funding programmes by acting as evaluators for regional and national agencies (i.e. Erasmus+ Austrian National Agency) and on European level for the EACEA and other European Commission agencies. Furthermore MERIG supports the implementation of ongoing projects as external evaluators.

Our Role

In the WAAT project MERIG is responsible for the coordination of IO1, the WAAT guide for educators. Furthermore, MERIG supports the dissemination and exploitation of the WAAT results.
